### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims in this case is the inclusion of the storing of the supplier master contracts; defining of a plurality of data types with parameters; receiving store sales data where the sale of goods are made manually; verifying a format of the data; automatically correcting discrepancies; providing communication to the stores or suppliers to indicate changes have been made to the data; comparing of at least one contract term to data relating to the supply of at least one item; and sending a communication to the stores or the suppliers if there is a discrepancy between the contract term and the received data included in all the independent claims, in combination with the other elements recited, which is not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
